

Overhead Lines Designers Forum

EVENT INFORMATION

Location: Navigation Homes Stadium, 21 Stadium Drive in Pukekohe

Date: **Wednesday 21st May 2025**

Time: 08:30 – 4:30

REGISTRATION

Registration for the Forum being held Wednesday 21st May is via EEA's [website/ Events](#) and the cost is \$400.00+gst.

PRE-FORUM EVENT – Tuesday 20th May

On Tuesday 20th May, an optional forum pre-event will be held at the Navigation Homes Stadium, 21 Stadium Drive in Pukekohe.

- From 10:00am to 12:15pm a CIGRE B2 (Overhead Lines) committee meeting will be held. Anyone wishing to find out about CIGRE will be welcome along.
- From 12:00pm to 1:00pm lunch will be served for those who register
- From 1:00pm to 4:15pm product focus workshops will be held. At these workshops software and material suppliers will provide educational workshops on topics relating to their products, and there will be opportunities for attendees to meet and talk to suppliers.

A dinner will be arranged for the 20th May, the evening prior to the Line Designer's Forum. Dinner attendees will pay their own costs. The venue will be confirmed at a later date. *This is pre-forum event has it own registration.*

WHO SHOULD ATTEND?

This event is intended for electricity distribution overhead line designers, project managers, consultants, and those who work in the management and maintenance of overhead line assets.

PURPOSE

The purpose of this annual forum is to support industry OHLD teams, and improve industry knowledge, capability and safety in line design by sharing learnings and good standards/practices, discussing common issues, understanding changing technology, and supporting designers in growing their professional contacts and industry relationships.

Closes

Friday 25th April

Email to

carl@linesmarts.com

As this is an interactive forum for OHLD professional, we invite attendees to present on topics they are interested in. Talks can be 5-20 minutes in length. So, if you have some design challenges to share or have been involved in any interesting work/projects from which others could learn from please contact carl@linesmarts.com who is putting the Forum Agenda together. Presentations could include:

- New products, techniques, experiences
- Unresolved problems
- Problems solved, learnings
- Proposals for collaborative work
